[Approved by Governor October 11, 2009. Filed with

LEGISLATIVE COUNSEL'S DIGEST

AB 805, Fuentes. Vehicles: automobile dismantlers: license: applications.

Existing law requires the Department of Motor Vehicles, upon receipt of an application for an automobile dismantler's license that is accompanied by the appropriate fee, to make a thorough investigation of the information contained in the application, not later than 120 days from the receipt of that application, except this investigation requirement does not apply to information in the application relating to permits, numbers, or a plan that may be required by other provisions of law.

This bill would require the department to instead make a thorough investigation of all of the information contained in the application for a new license. This bill would require the department to make a thorough investigation of all the information contained in the application for a renewal of a license beginning January 1, 2011.
